

# VOLUNTEERS WANTED FOR TRIALING A NEW TREATMENT FOR TYPE 2 DIABETES

## DO YOU HAVE TYPE 2 DIABETES and TAKE AT LEAST METFORMIN TO CONTROL YOUR DIABETES and DO NOT TAKE INSULIN?

If yes, you may be eligible to participate in a clinical research study of an investigational procedure for diabetes being conducted at Auckland Hospital, Middlemore Hospital, Wellington Hospital, Christchurch Hospital and Dunedin Hospital. The procedure is similar to a coronary angioplasty so this will be conducted by a cardiologist.

### Who cannot take part?

- Age below 18 years or above 70 years
- If you have certain medical conditions such as kidney failure or liver damage
- If your diabetes is already well controlled (your HbA1c is below 58mmol/mol)

Transport costs will be reimbursed

This study has Ethics Committee approval (HDEC Reference: 14/NTA/102)
